Dear Ms Turner

Re: Cockroach infestation in core 3 & 4

Regrettably it has been brought to our attention that there is a cockroach infestation in cores 3 and 4 at the development.

We are therefore arranging for Rentokil to attend on Monday 8th February to inspect all apartments and to carry out treatment if required. Unfortunately, at the moment, we are unable to confirm an exact time for their attendance. However if we do receive any further information regarding this we will arrange for a notice to be put on the notice board within the main foyer.

If you are not able to allow access on this date can you please leave a key to your apartment at the concierge desk who will arrange access on your behalf.

Your keys will remain at the desk for collection on your return.

Thank you in advance for your cooperation with this matter.

Yours sincerely
