### **S46 WARNING LETTER**

Cardiff County Council as a waste collection authority is able to issue notices to enforce the requirement to place your waste for collection under section 46 of the Environmental Protection Act 1990

Domestic waste must be placed out according to your licensed waste carrier's instructions and into the bins provided in your waste storage area. Waste must not be accumulated and stored on street corners.

Waste cannot be stored on the highway.

Please be aware that placing your waste out at any other place than required constitutes an offence which could lead to a fixed penalty notice or a notice being issued under Section 46 of the Environmental Protection Act (1990) to prescribe how you present your waste.

This is an advisory letter sent to households in your area.

Changes will occur on Bank Holidays. For more information contact Connect to Cardiff (C2C) on 029 2087 2087 or visit [www.cardiff.gov.uk](http://www.cardiff.gov.uk).

Cardiff County Council is committed to providing a cleaner and safer environment for those who live and work in, travel to or visit Cardiff.

I look forward to receiving your future co-operation in Keeping Cardiff Tidy.

Yours sincerely

A handwritten signature in black ink, appearing to read 'James Simons'.
